## **DETAILED ACTION**

### ***Introduction***

1. Claims 1-34 of U.S. Application 10/082,692, originally filed on 2/22/2002 are currently pending.

### **EXAMINER'S AMENDMENT**

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
3. Authorization for this examiner's amendment was given in a telephone interview with Mr. Kasey Christie, Reg. No. 40,559 on 3/24/07.
4. Claim 11 in the application has been amended as follows:

The sentence

"A memory medium on which are stored machine instructions for carrying out the steps of Claim 1."

has been changed to

--- A computer-implemented memory medium, on which are stored machine instructions that when executed carry out the steps of Claim 1. ---

5. Claim 18 in the application has been amended as follows:

The sentence

"A memory medium on which are stored machine instructions for carrying out the steps of Claim 12."

has been changed to

--- A computer-implemented memory medium, on which are stored machine instructions that when executed carry out the steps of Claim 12.--

***Examiner's Statement of Reasons for Allowance***

6. Claims 1-34 are allowed.
7. Applicant's arguments submitted on 12/21/2006 to be persuasive, and has withdrawn all rejections.
8. In particular, Examiner has found especially persuasive the argument in lines 19-22 on p.15 of the arguments submitted on 12/21/2006, which argue that:

In addition, as described in the (first) Declaration, the earlier FS2000 and CFS 2 did NOT include an aerodynamic coefficients generator such as shown in FIGURE 2 of the present application ...
9. Examiner therefore finds that the cited prior art does not teach the generation of aerodynamic coefficients in combination with the other elements of the independent claims.
10. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
